Thanks for sending your Resume, contacting me, and agreeing to help promote and publicize our New Journal in AI and knowledge Engineering (<https://www.ijaike.org/>). Based on the input from my support staff, I am pleased to inform you that you have been selected for the role of

Research Intern for our AIKE Journal; Start Date: July 1, 2026

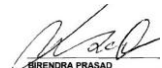

During the first 12 Months' probation, you are requested to Explore Evolving fields of AI, read AI news and LinkedIn posts, and post or repost comments on AI articles on behalf of the AIKE Journal on LinkedIn. Here is what you need to do.

1. **Support Research Activities:** Assist with data collection, analysis, and development of research projects. Conduct literature reviews and findings
2. **Exploring Emerging AI Technologies:** Keep up-to-date with advancements and trends in AI and Knowledge Engineering.
3. **Collaborative Research Support:** Work alongside researchers, academics, and industry professionals to support collaborative research projects. Participate in research efforts to broaden the impact of the IJAIKE journal.
4. **Publication and Dissemination Assistance:** Aid in the preparation of research papers, articles, and reports for publication in the IJAIKE journal.
5. **Administrative Support:** Assist with administrative tasks. Create new articles on AI and KE to post on our IJAIKE LinkedIn Page.
6. **Supervision and Guidance:** Work under the supervision of senior researchers and the Editor-in-Chief. Assist in identifying potential researchers and professors, and contacting them for Journal submissions.

Please note this is a Research intern position on a probationary basis. You will be recognized as an Intern-developer on the websites. After finishing the 1-year assignment as an IJAIKE RESEARCH INTERN, you may be considered for other positions. We are eagerly waiting for a confirmation at your earliest convenience.

Sincerely Yours:

Brian Prasad, Ph.D
